Review of Operations

A deficit of \$150,000 was budgeted for FY21, to access a portion of retained earnings to invest in our work with the knowledge there would still be sufficient retained earnings for the organisation's sustainability. This decision was made to invest in furthering our purposes including in staffing and consultancy, communications, website and systems improvements. The actual deficit was lower at \$88,842 due primarily to income received above budget.

Based on the financial position and the available cash. The board has decided to further invest in our strategic priorities for the FY22, and has a forecast a small deficit for the year.

b) Significant Accounting Judgements & Estimates

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

There are no estimates or judgements which have risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year.

c) Income

Income is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

c) Income (cont.) Funded Service Project Revenue

Funded Service Project revenue is recognised in the Statement of Comprehensive Income when the entity obtains control of the service funds, it is probable that the economic benefits gained from the service funds will flow to the entity and the amount of the service funds can be measured reliably.

When service funds are received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the funded service project revenue is recognised in the Statement of Financial Position as a liability until the service has been delivered to the contributor. Otherwise, the service funds are recognised as income on receipt.

Fundraising Activities

Fundraising activities include the conducting of conferences, fundraising events, sale of merchandise and sponsorship for events. Funds collected from fundraising are recognised as revenue when the Company gains control, economic benefits are probable, and the amount of the fundraising monies can be measured reliably.

d) Income Tax

The Company is exempt from income tax pursuant to the *Income Tax Assessment Act 1997*. Accordingly, *Australian Accounting Standard AASB 112 Income Taxes* has not been applied and no provision for income tax has been included in the Accounts.

e) Goods & Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of purchase of the asset or as part of the expense.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are classified as operating cash flows.

f) Cash & Cash Equivalents

Cash and Cash Equivalents includes Cash at Bank.

For the purposes of the Statement of Cash Flows, Cash and Cash Equivalents consist of Cash and Cash Equivalents as defined above.

g) Property, Plant & Equipment

Property, Plant and equipment that have been contributed at no cost, or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

The cost model is used. The asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset where applicable.

The depreciable amount of all fixed assets, excluding freehold land, is depreciated on a reducing balance basis over the assets useful life to Adopt Change Limited commencing from the time the asset is held ready for use. The useful lives used for each class of depreciable assets are shown below:

| | | |
|---|---|-----------------|
| Office Equipment (purchased pre 1 July 2017) | 6 | Years |
| Office Equipment (purchased post 1 July 2017) | 1 | Year |
| Furniture | 1 | Year |
| Right-of-use Assets | | over lease term |

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

When an asset is disposed, the gain or loss is calculated by comparing proceeds received with its carrying amount and is taken to profit or loss.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

h) Impairment

The carrying values of property, plant and equipment are reviewed for impairment at each reporting date, with recoverable amounts being estimated when events or changes in circumstances indicate that the carrying value may be impaired.

An impairment loss exists when the carrying value of an asset exceeds its estimated recoverable amount. The asset is then written down to its recoverable amount. Impairment losses are recognised in the profit and loss section of the Statement of Comprehensive Income.

i) Employee Entitlements

Liabilities for employee benefits for wages, salaries that are expected to be settled within 12 months of the reporting date representing present obligations resulting from employees' services provided to reporting date, are calculated at undiscounted amounts based on remuneration wage and salary rates that the association expects to pay as at reporting date including related on-costs.

Non-accumulating non-monetary benefits, such as sick leave, are expensed based on the net marginal cost to the Company as the benefits are taken up by the employees.

Contributions made by the company to employee superannuation funds are charged as expenses when incurred.

j) Leases

Where the Company is a lessee, the rights of use and obligations are initially recognised as assets and liabilities. The lease liability is initially measured at the present value of the lease payments over the lease term. The right-of-use asset is initially measured at the amount of the lease liability plus any direct costs incurred and are depreciated over the lease term.

k) Income Received in Advance

The liability for deferred income is the unutilised amounts of service funds received on the condition that specified services are delivered or conditions are fulfilled.

l) Economic Dependence

The Company is dependent upon the ongoing receipt of Federal and State Government grants and community and corporate donations to ensure the ongoing continuance of its programs. At the date of this report, management has no reason to believe that this financial support will not continue.

m) Provisions

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.
